Constitutional Amendments: For more info: LeonDems.com/Amendments

#1 - NO - Citizen Requirement to Vote: Changes 'Every citizen' can vote to 'Only a citizen' can vote. Only citizens can vote already. This amendment has no legal effect.

#2 -YES - Raising Florida's Minimum Wage: From \$8.56 to \$10.00 next year, then raises it \$1/year up to \$15 in 2026. After that, minimum wage goes up based on inflation. Opponents say a higher minimum wage causes businesses to employ fewer workers, but research refutes that.

#3 - NO - All Voters Vote: In races for governor, cabinet, and the legislature, all candidates, no matter what party, would be in 1 primary. The top 2 would move to the general election. Democrats lose the ability to pick a nominee who best reflects our values, and minorities lose voting power.

#4 - NO - Voter Approval of Constitutional Amendments: Prevents an amendment from taking effect after passing with 60% of votes, until it passes again 2 years later. Makes amending the constitution take longer, cost more, and be less likely to succeed.

#5 - NO - Limitation of Homestead Assessments: Save Our Homes (SOH) caps increases in assessed value so taxes don't force people to sell, but when the owners sell and buy a new home, they get to transfer the SOH savings. #5 increases from 2 to 3 years the time for transfer, reducing local government revenue.

#6 -YES - Ad Valorem Tax Discount Disabled Veterans: The homestead property tax of a veteran over 65 with permanent military disability is reduced by the % of the disability. #6 extends this benefit to the spouse when the veteran dies. #6 reduces local revenues, but the loss is small, and it protects the survivor from a sudden tax increase.

YES - CHILDREN'S SERVICES COUNCIL: Approve the Council, including up to 1/2 mill property tax. Helping disadvantaged children learn to succeed in school and in life is the best way to fight poverty and crime.
